Race Day Reports: Round 1 Sprint Series was held on 12th March we had around 30 riders a good fine day was had by all.

Sat. 1st April we held the Junior pony express we had 15 riders.

Sun 2nd April we had Senior Pony Express, there were around 73 riders some coming from as far away as Sydney. Comments were made from these riders that this was one of the best tracks they had rode on & also how well organized this day was.

There was some problem with the end results & Mark Simpson will be writing a letter to those involved. The points have already been adjusted.

We are now finding that signing on for race days is taking a lot longer due to the extra paper work that HAS to do so be patient please.
